PRE-ASSEMBLED DOOR PANELS

Pre-Assembled Door Panels (We call them "PAD'S") have moved the replacement of Door Panels into the 21ST Century by eliminating almost all of the work for your Customer.

There are Two Styles of "PAD'S"; those WITH Top Rails and those WITHOUT Top Rails. Most 1968-1972 Models have Rails: most (but not all). 1964-1967 Models do not.

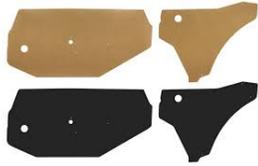

PAD'S WITHOUT Top Rails include the basic Door Panel, recreated just like the original, and any or all of the following: Mid-line Trim Moulding, Door Emblem or Buttons. (Inclusions depend on Models). The only work remaining is to remove the old Panel and install the new one. There's no need to worry about transferring Mouldings and/or Emblems from the old Panel to the new, and almost ANYONE can handle this task.

PAD'S WITH Rails include the exact reproduction basic Door Panel, a New Top Rail, the WINDOWFELT Brand Weatherstrip, Door Lock Rod Ferrule, and one or more of the following: Upper and/or Lower Trim Moulding and Button(s). All these items are assembled onto the Basic Door Panel, so the only thing left is put it on the Door. And even the "mechanically inept" can handle that project!

The 1968-1972 Door Panel Part Numbers listed are for Hardtop or Convertible Models Only. To order Door Panels for a 2 Door Post Model, add a "T" to the Part Numbers listed. To order Pre-Assembled Door Panels, just add a "P" to the Door Panel Number. Pricing is as follows:

1968-1972 Front	\$CALL
1970-1972 Rear Supreme Conv	\$CALL
1970-1972 Rear Excluding Coupe	\$CALL

SHIFTER SWIVEL & ROD ASSEMBLY

FF080 1969-72 swivel & Rod assembly \$139.99

FF081 1969-72 spring (puts pressure on swivel to frame) \$ 4.95

FF082 1969-72 plastic insulator (mounts on frame bracket) \$4.95

This is the linkage that goes from the steering column arm on the bottom of the steering column in the engine compartment. The side rod attaches to the arm that attaches to the shaft assembly that pivots on the frame. The parts included with this kit are the rod and the swivel adjustment with nut. The only way the steering column locks the transmission and allows the reverse lights to junction. It's used for cars with floor shift auto/manual +column shift auto

HURST SHIFTER ROD AND TAB SET

We now offer the correct 1967, 1968 and 1969-72 Hurst shifter rod & tab set up with metal bushings and clip kit. These are 3/8" or 1/2" diameter like GM made for the Hurst shifter. We have reproduced this rod in the correct gold anodized finish. Shifter tabs are die stamped, not laser cut. They fit very tightly, press fit to trans to eliminate any shifter slop. They are stamped with FO FT out 1 2 3 4. Reverse tab has provision for back up light switch connector.

EF225 1967-68 rod & tab set \$279.95

EF226 1967-68 tab set only \$ 60.00
 EF227 1969-72 rod & tab set \$356.95

Standard VS Original Window Felts

Standard Window Felts are an inexpensive replacement that differ from original in the appearance of the metal bead. This bead is flat rather than round, and does not have a rubber lip on the outer strip.

Original Window Felts are constructed of the Original Style material with the correct Outer Round Metal Bead and Rubber Lip. Original Kits also include the Original Style Rubbing Blocks.

RALLY GAUGE PACKAGE

Show quality rally pack & tach setup. It takes place of tell tail gauges. One unit goes where the clock was. It houses a tic tock gauge with a clock in the middle. The other gauge goes where the fuel gauge is. The new gauge shows fuel, oil, and temp. The clock has a quartz movement. All other gauges have top of the line movements that are very accurate. They commonly, called this set-up a rally Pack or tic tock Tach. The gauges come with detailed directions to convert your dash Wire Harness to rally gauges. We also carry a Rally pack installation kit that includes all the necessary sending units, the tach harness, and oil sending unit elbow. This is a Show quality setup. All gauges are new and calibrated; Tach has new movement. Gauge and face are metal and silk screened. Clock is a Quartz movement.

OAI HOOD STRIPE

FP003 1970-1972 White \$299.95

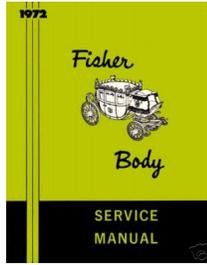

BODY CODES DECAL KITS

A new item we have is this body decal kit, unlike what was on the market, this is a vinyl kit and it is pre-cutout. Each decal is labeled where it goes on the body; brake, transmission and fuel line tags, shock and spring tags, brake cable tags, sway bar tags, steering column, door panels, fuel sending unit and filler, speedometer cable, speedometer cluster, throttle cable, brake booster and master cylinder, frame axle, steering box, alternator, springs, control arms, fan, defroster, splash shields, starter, brakes, battery cables, wiring harness, ect. These are vinyl; unlike other kits out there these will not get destroyed when they get wet and fall off. You can safely wash your car and they will stay on. Most of the codes are as accurate as we get them, but some may differ. We are always improving our kits, we feel that you will be 100% satisfied with these kits.
